

Nano Minerals

Multiple

Liquid

Concentrate

2oz. / 60 ml

Dr. Dale's Multiple Mineral: Minerals are the catalysts which activate all enzyme activity. Without a full compliment of ionic minerals available at the cellular level normal body functions are disrupted.*

Take the guesswork out of supplements: Dr. Dale's uses a proprietary process that transforms pure mineral crystals into a fully hydrated, 100% bioavailable liquid ionic supplement • taste free • gentle on the stomach • made in the USA and quality tested to assure safety and potency • No additives or sweeteners.

The Dr. Dale's difference: Large doses are used in solid supplements because most of the mineral is not absorbed. Dr. Dale's minerals are 100% bioavailable. It is not necessary to take large doses in order to be effective.

Suggested Use:

Shake well before use.
30 drops (2ml) daily in
8 oz of juice or water.
